

DEVELOPMENTS IN ELECTRONIC COMMUNICATIONS NETWORK AND SERVICES

BEREC says Maltese Broadband Market still needs Regulation

BEREC disagreed with the European Commission who believes the Maltese broadband market tends towards effective competition. **Cullen International** ([read more](#) – subscription required)

European Commission preparing to ease Regulatory Obligations on Telecoms Operators

The European Commission is aiming towards a future in which symmetric obligations on all telecoms network operators, such as ensuring access to civil engineering infrastructure, is the predominant way of regulating the telecoms market, rather than ex ante regulation. **Cullen International** ([read more](#) – subscription required)

Ofcom to take further Action against Calls using Spoofed UK Numbers

Under the proposed rules, operators would have to block calls from abroad spoofing the numbers displayed to the call recipients as UK geographic or non-geographic fixed numbers. **Cullen International** ([read more](#) – subscription required)

DEVELOPMENTS IN THE POSTAL SECTOR

Latvia Post focuses on User-Friendly Services for the General Public

SJSC Latvijas Pasts launches the first parcel lockers equipped with letter-boxes. To improve people's experience using postal services, the option to send letters has been added in a specially designed compartment of the parcel lockers. **Post & Parcel** ([read more](#))
