

PRESS RELEASE / NOVEMBER 2023

Malta Communications Authority Publishes Annual Report & Financial Statements 2022

The Malta Communications Authority (MCA) is pleased to announce the publication of its Annual Report & Financial Statements 2022, showcasing a year of accomplishments, innovation, and sustained growth in the telecommunications, postal, and eCommerce sectors.

As the regulatory authority overseeing these sectors in Malta and Gozo, the MCA is dedicated to promoting and safeguarding a communication environment that encourages investment, innovation, economic growth, and social well-being. The Annual Report & Financial Statements 2022 reaffirm the MCA's unwavering commitment to nurturing an advanced communications and digital environment in Malta, addressing the challenges posed by our rapidly evolving world while safeguarding the best interests of end-users.

Reflecting on the work accomplished in 2022, Mr Jesmond Bugeja, MCA CEO, stated, "Underpinned by our commitment to transparency, innovation, and consumer welfare, the MCA's latest Annual Report showcases our relentless pursuit to advance the regulatory environment in the telecommunications and postal sectors. In a rapidly evolving digital landscape, we continue to address new challenges being created, as we prepare to take the role of the national Digital Services Coordinator under the EU's Digital Services Act. We are proud to share our journey, emphasizing our dedication to shaping a connected, fair, and future-ready Malta."

The Annual Report & Financial Statements for 2022 provide an in-depth analysis of significant developments in the telecommunications, postal, and eCommerce sectors. It offers insights into the regulatory strategies that have driven Malta's communication and digital growth.
